

RESEARCH IDEAS FOR QUALITYstarsNY

- Capture information about families in crisis to inform family support and interventions, agency abilities and capacity, and indicators of programs poised to meet families in crisis.
- Remember that sometime, what makes the difference may not have been directly tied to child outcomes, e.g. the lack of parent voice may affect delivery of service; the lack of housing affects school attendance.
- Staff development strategies that make a difference.
- Overlap of CORE Communities and the programs in QualitystarsNY.
- Power of practice over program.
- Health items from Environmental rating scale and commitment to improvement can be cross-walked with (ASPIRE) trainings.
